INDIANA HISTORICAL SOCIETY PUBLICATIONS
VOLUMES 1 THROUGH 25

Prepared by Dorothy L. Riker

IN5A

As part of the sesquicentennial of the Indiana Historical Society's founding, it has seemed appropriate to make a comprehensive index of the first 25 volumes of the Society's numbered publications. It is not a complete name or subject index, but an attempt to pick out the main subjects and the individuals for whom there is substantive information. The Proceedings of the Indiana Historical Society in volumes one and six have been indexed more completely than the other publications because of the information they contain about the Society.
